EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

In claim 12, line 3, change "disposed in the stem" to –disposed on the stem–.

Reasons for Allowance

The following is an Examiner's statement of reasons for allowance: Applicant's argument(s) concerning the Mizoguchi reference on page 7 of the amendment filed November 30, 2005 are deemed persuasive. In view of these arguments and upon further consideration, it is the position of this Examiner that it would not have been obvious to provide Ohta in view of Boudreau with an inductor as a choke disposed on the silicon optical bench and coupled to the laser diode absent Applicant's own teachings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Omar Rojas whose telephone number is (571) 272-2357. The examiner can normally be reached on Monday-Friday (7:00AM-3:00PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rodney Bovernick can be reached on (571) 272-2344. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
